YEAR PLANNER - CBSE

Bangalore International Academy CBSE
Preface to the Planner

“The beautiful thing about learning is that no one can take it away from you.” – B.B. King.

Academic Excellence the Main Endeavour of the School

Dear parents / students,

Greetings to you from Bangalore International Academy, CBSE.

The school academic planner is designed to help students stay organized, track projects and exams, follow class test and other schedules, meet deadlines, take notes, and more. It helps you manage your time effectively. Students with the effective utility of planner will have enough time in the day especially when they're juggling academics with other obligations, work, hobbies, family commitments etc. The planner is one of the effective tools for academic preparation and success. Planner has everything in one place. It helps students to be in pace with their preparedness and with the teachers. It helps everyone to manage time for studies, upcoming exams, hobbies and vacation breaks etc. With the planner the students will be able keep the studies in order as an important part of academic success. Students with the help of teachers and parents may organize the steps necessary to achieve success. Student planners naturally help students hone organizational skills, but they also improve learning, help prioritize subject knowledge and free up time for other activities apart from school. We aim at the development of children into disciplined, academically bright and self-confident individuals, who will move on to create their mark in this world by achieving their best in all spheres of life. Our prime focus is to create congenial learning environment to provide the all-round growth of each child: be it physical, mental, social and spiritual sphere of life by making the learning more effective, innovative, creative, productive and fruitful. Each child is most important for us. Through one to one approach every individual is given utmost care in all aspects. Hence our teaching learning approach is blended with the tradition and modern attributes. We believe that learning continues to take place in students apart from textbooks too. Hence ample opportunities are provided to the students for learning by doing lab experiments etc in all areas. With hands, on experience methods, they do experiment and explore approach. Thus we ensure that the students are actively and purposefully engaged, enabled and empowered in constant learning. The innovation in our pedagogical practices is aimed at making the learning more effective, fruitful and purposeful. Our teaching methods are oriented towards being student centered and with a student friendly environment at classroom, labs and in all the learning places. We make a record of each students strength and weak areas of academic performance and accordingly the students are additionally provided with extra support in a more effective manner that takes place in more interesting and easy manner and that is closely and continuously monitored. The Teachers will make a weekly and monthly academic appraisals from time to time. Parents are exhorted to be in constant touch with the parents through emails or app to get update from the teacher about the student and at the same time to keep the teacher updated on your feedback. Our teachers are highly dedicated with their immense qualification and experience always ready to give their best to the academic excellence and overall development of the students.

Importance of Co-curricular (CCA) Activities

“Man is capable of doing anything creative because man is created to be of pro life and protector of creativity and creation. Every child is a treasure of talents and bundle of immense possibilities”

Every child is unique and precious. Every child is a star with the specific spark to shine all through life in every phase. Hence each child is gifted with unique talents by nature with the imminent qualities and potentialities. With their talents, innate skills and intuition the children slowly climb the ladder of pinnacle gradually and attain overall personality development. Children achieve this progress and all-round development along with their academic excellence well balanced with the co-curricular, sports, games, extra-curricular activities and competitions which are equally important and an integral part of the learning of a student during the school time. With the co-curricular activities the students are provided ample opportunities to bring out their hidden talents, exercise their innovation and creativity and discover their strengths and specializations. BIA values this aspect of growth of students and thus provides a constant platform to the students with the number of co-curricular activities and competitions which serve as the springboard for students to nurture and develop their talents. The academics and the co-curricular activities are the two sides of the same coin of holistic development. The academic success helps students gain the mettle of knowledge and the co-curricular play a vital and significant role in helping students develop their self-confidence, self-esteem and discover their hidden treasure of talents. Hence the co-curricular activities and competitions will be conducted on different days for different classes spread through the year during the weekdays which will be well in advance planned and the students will be sent diary messages along with the details of the competition / activity including instructions, guidelines, parameters / rubrics / criteria etc accordingly. The respective Teacher In-charges / Class Teachers will send the dates, plan, mode of conduct and details to the concerned class /students well in advance. Certain activities and competitions are conducted during the class time as a part of learning in the respective subjects. Those dates will be notified and sent by the subject teachers through diary separately along with detailed instructions. Please note that the dates of the activities / competitions mentioned in the planner are actual but subject to change in case the government or management passes any order. From time to time, in the academic year, the students will have literary, co- & extra-curricular CCA, sports and games activities / competitions..

Right from the school assembly, the children are provided with ample opportunities to excel in their formal and informal learning through their oratory skill based activities, assembly talks, extempore, literary and cultural activities in the form of quiz, skit, role play, scouts, guides, cubs, bulbul, toast masters clubs, ornithology, origami, literary, journalism, eco club, other clubs, that help them in the assembly and classroom activities the students are engaged, enabled and empowered so that the education is made easy, more interesting, appealing, effective, purposeful and innovative for the students that helps them attain the growth that is comprehensive , overall / all-round / holistic, ongoing and cumulative. Learning doesn't restrict to classroom and textbook alone. More effective and fruitful learning takes place informally and non-formally when the students are provided with number of activities wherein they are actively involved. Effective learning subconsciously takes place while students are engaged in co-curricular activities like inter-school competitions that are planned and apart from the competitions exchange programmes that are planned with intra-school, inter-school, inter-country and continental too. Students learn much better in the field especially when they are taken out for field trips, school excursions, study / motivational / educational tours and mountaineering expedition / trekking etc. whatever mentioned above are the most essential basic ingredients of our school's curriculum and objectives of the vision and mission. Even special training is given to students in yoga, physical exercises to increase their physical and mental stamina; students are trained to crack NTSE, Olympiad exams and all other competitive exams. In fact some students have won gold medals in silver zone Olympiads. These activities like excursions, Olympiads and scouting, the school will send details to the parents as and when the school receives information.

CCA COMPETITIONS AND ACTIVITIES 2025 -26**Subject: MATHEMATICS****Month- June****CCA Competitions & Activities 2025-26**

GRADE	CCA Competitions in June	Activities
1	2D Shapes Pictures	Addition and Subtraction Bingo Build block towers
2	Showing Table Using Stickers	Action addition and subtraction. Math Market.
3	To make coaster of size 6x6 using shapes and patterns	Shape Scavenger Hunt Odds and Evens
4	Math Model Making/ Make Photo Frame Work	Multiplication and Division Bingo Round Robin Benefit
5	Polygons and Factor Tree to create a Polygon Tree	Around the world
6	Tile Painting	One Metre Dash
7	Shape Scenery Making	Math facts race
8	Math Designers	Math-a-thon(innovative solutions)
9	Poster Making (Math in Everyday Life)	Math Challenge Quest
10	Rangoli Using Symbols Shapes etc...	Math All About Me Real –life application of math for each chapter can be done.
11	Mathematics (Cipher Challenge)	Curriculum related activities
12	Jig Saw Competition	Board exam related activities.

CCA & Literary Competitions & Activities 2025-26

Month- July

GRADE	CCA Competitions in July	Literary Activities
1	Poem Recitation	Pick & Speak, Spell Bee, Recitation, Mimicry Reading the Passage, Writing the Paragraph, Role Play
2	Story Telling	Pick & Speak, Spell Bee, Recitation, Mimicry Reading the Passage, Writing the Paragraph, Role Play
3	Story Telling (with props)	Pick & Speak, Spell Bee, English Calligraphy, Recitation, Mimicry, Reading the Passage, Writing the Paragraph, Role Play
4	Role Play (with props)	Pick & Speak, Pick And Act, Spell Bee, English Calligraphy, Recitation, Mimicry, Reading the Passage, Writing the Paragraph, Role Play
5	Recitation (with props)	Pick and Speak, Newsletter, Pick And Act, Mime, Debate, Vocabulary, Spell Bee, English Calligraphy, Recitation, Mimicry, Writing the Paragraph, Book review, Puppetry, Role Play
6	One Minute Wonder	Newsletter, Pick And Act, Mime, Debate, Vocabulary, Writing the Paragraph, Spell Bee, Recitation, Theatre / Skit / Dramatics, Book review, English Calligraphy, Radio Show, Extempore, Puppetry, Role Play
7	Declamation	Newsletter, Pick And Act, Mime, Debate, Vocabulary, Spell Bee, Recitation, Book review, Radio Show, Puppetry, English Calligraphy, Radio Show, Extempore, Theatre / Skit / Dramatics, Spell Bee, Essay / Article Writing Competition, Puppetry, Role Play
8	Poster Making	Newsletter, Pick And Act, Mime, Debate, Vocabulary, Spell Bee, Recitation, Book review, Puppetry, English Calligraphy, Radio Show, Theatre / Skit / Dramatics, Essay / Article Writing, Puppetry, Role Play
9	Role Play	Theatre / Skit / Dramatics, Spell Bee, English Calligraphy Essay / Article Writing, Book review, Extempore, Newsletter, Group Discussion, Vocabulary, Panel Discussion, Puppetry, Radio Show, Role Play
10	Elocution	Theatre / Dramatics, Spell Bee, Essay / Article Writing Book review, Group Discussion, Role Play Radio Show, Essay / Article Writing, Newsletter Competition, Vocabulary Competition, Puppetry
11	Advertising	Theatre / Dramatics, Competition, Spell Bee, Essay / Article Writing, Book review, Extempore, Group Discussion, Radio Show, Seminar / Symposium, Newsletter Vocabulary, Puppetry
12	Verbbattle	Theatre / Dramatic Competition, Spell Bee, Essay / Article Writing, Book review, Extempore, Group Discussion, Radio Show, Seminar / Symposium, Newsletter Vocabulary, Puppetry, Report writing

BANGALORE INTERNATIONAL ACADEMY**Subject: Social Science****Month - August****CCA Competitions & Activities 2025-26**

GRADE	CCA Competitions in August	Activities
3	Speak on the Spot	Clay modelling, cooking without fire, Exhibition
4	Poster Making	Clay modelling, cooking without fire, Exhibition
5	Union Territories	Clay modelling, cooking without fire, Exhibition
6	Role Play (Freedom Fighters)	Clay modelling, cooking without fire, Exhibition
7	Jute Filigree	Clay modelling, cooking without fire, Exhibition
8	Jute Art on Sustainable Development	Panel Discussion, Clay modelling, cooking without fire, Exhibition
9	Jute Art on Sustainable Development	Panel Discussion, Clay modelling, cooking without fire, Exhibition
10	Jute Art on Sustainable Development	Panel Discussion, Clay modelling, cooking without fire, Exhibition

BANGALORE INTERNATIONAL ACADEMY**Subject: Science/EVS****Month – October****Competitions & Activities 2025-26**

GRADE	CCA Competitions in October	Activities
1	Fancy Dress	Good habits Science Exhibition
2	Fancy Dress	Parts of the plant- Make a 3D flower craft, Science Exhibition
3	.Different Types of Houses, Parts of Plants and Fossil Making	Air, water and weather (Water cycle model) OR To Explore Buoyancy using water balloons, Science Exhibition
4	.Microbes, Soil, Types, Draw and Paint Terrestrial Plant, Aquatic Plants	Teeth and microbes. (Layers of teeth)
5	Crossword Puzzle	Floats, sinks and mixes, Earthquakes and Tsunami, Science Exhibition
6	Discovery and Inventions	Physics- make your own magnets, Chemistry-Separation of substances, Biology-Leaf venation, Parts of a flower. Science Exhibition
7	Forest- Our Life line(collage)	Draw the electrical circuit for the given model Science Exhibition
8	Periscope/ Kaleidoscope	Make your own musical instrument, Science Exhibition
9	Natural Resources, Plant Cell and Animal Cell (PPT Presentation)	Comparison of petroleum refineries and its effect on environment and human health PPT presentation (should include physics, chemistry, biology), Science Exhibition
10	Collage on Energy Resources	Diagram skeleton in A4 sheet, Digestive system, Respiratory system Circulatory system, -Excretory system, Nervous system, Human Brain, Endocrine glands and their secretions and functions (Table in A4) and - Reproductive system. Physics: Solving the electrical circuits. Chemistry: chemical equations balancing. Science Exhibition
11	-	Physics – Hydraulic Machine Chemistry-Chemical bonding and hybridization Biology – Making of dryarium sheets.
12	-	Chemistry: Complete periodic table model. Biology: Model of DNA Physics: Optical Instrument
